ABOUT ME

I'm Usaid Raza, a passionate Front-End Developer skilled in React.js, JavaScript, HTML, and CSS. I create responsive, user-friendly web applications, focusing on modern UI/UX principles for seamless digital experiences.

PROJECTS

- Developed a GitHub Clone using React.js, implementing authentication and UI components for a real-world feel.
- Built an E-Commerce Website with a modern UI, product listings, and responsive design for seamless user experience.
- Created a To-Do List App, handling dynamic data updates and local storage for persistence.
- Applied React.js, Tailwind CSS, and JavaScript across projects to enhance performance and interactivity.
- Used Git & GitHub for version control and project management.
